

AI Web Vulnerability Scan Report

Target URL	http://httpforever.com/
Scan Date	2026-08-08 17:51:00
Risk Classification	HIGH
Confidence	100.0%
Risk Score	75.0 / 100
Security Score	25.0 / 100
Active Scan	No

Decision Tree Summary

The Decision Tree predicts a high security risk. Significant findings should be prioritized for remediation.

Security Findings

Severity	Status	Type	Finding
High	Detected	HTTPS	Website is served over HTTP instead of HTTPS. Network traffic is not protected by TLS.

Recommendations

- 1. Enable HTTPS using a valid TLS certificate and redirect HTTP traffic to HTTPS.

Detected Technologies

No technology fingerprint information was recorded.
